### A Few Reminders

- Remember that you are responsible for carrying/packing your own gear, so please pack only what you can carry and save space for group gear and food as well.
- Please limit your cotton clothing.** Cotton (including jeans) takes a very long time to dry and does not retain its warming properties when wet. Polyester, synthetics, nylon, fleece, and wool are all great options.
- All participants are required to wear shirts at all times to prevent rubbing of backpack and PFD straps.
